REPORTS

4. City Manager's /Finance Director's Report- None

5. City Attorney's Report- Mitchell Moore told the group Roger Fowler from Statewide Engineering contacted him today and gave an update on the TEA-Project. He said everything seems to be on track and hopes to have a contract by March 2011. Mitchell told John Reynolds he looked into the Cross Connection Ordinance on wells and there is a penalty of \$1,000.00 for violation. The groups discussed leaving the penalty amount in or change it to a step by step process, which will start out with a warning and gradually be fined up to \$1,000.00. The concern is the safety of having wells in the City and the backflow from these wells which will contaminate the City's water supply. The group discussed the fines for having a well, and several agreed the fee was too much. Alderman Perryman stated that if the wells backflow contaminates the City's water then EPD will fine the City. Mitchell also informed the group the Ordinance states a permit must be issued for someone who wants to input a well. He said this was input in order to monitor them. After some more discussion the Council wanted to know how many private wells are in the City and asked John Reynolds to take an inventory. Mitchell said due to all the different issues that could occur by allowing private wells the easiest thing to do would be say, "there will be no wells in the City". Mitchell said the other Ordinance I was asked to pursue was on Grease Traps. He said he is getting a copy of Homerville's Ordinance and have something for the Council soon.

6. Department Heads' Report- None

PUBLIC COMMENTS/GENERAL COMMENTS FROM COUNCIL

Mr. Rodney Walker asked if he could receive a copy of the licenses requested tonight for Cadillac Ranch. Mayor Harper and Tina Haughton told him yes the license can be ready for him to pick up the next day.

Alderman Davis asked the group if anyone has complained about the garbage truck leaking. He said he received a complaint from KFC about the truck that picks up the large containers. Mayor Harper said he will get with Mandy Luke and follow up on that complaint.

Alderman Turner told the group he wants them to look into installing some timers on the tennis courts lights. He said the park is supposed to be closed at 10:00 p.m. and sometimes the lights are still on hours after. Mayor Harper said we will look into installing timers and have one of the patrol cars turn off the lights if they are

left on after 10:00 p.m. and also putting up some signs informing the public about the hours.

Mayor Harper invited the Council to the City's Thanksgiving dinner 12:00 Tuesday at the Community Center.
